MACHINE GUN BOUGHT AS AID TO PEACE FORCE

Citizens Ask Commissioners to Act in This Matter

GUN PROOF SHIELD

Co-Operate With Peace Office to Fight Bandits

Randall county's peace officers will be equipped with a machine gun and one car with bullet proof windshield as the result of an order passed by the commissioners court Monday.

Twenty-five citizens met with the court to discuss the matter of this purchase, and all approved the investment of about $300 which will be necessary to buy this new equipment. The citizens committee was represented by Clyde Warwick, W. A. Warren, T. C. Thompson and Henry Bradford in presenting the matter to the court.

The average peace officer has no chance against the present day bandit unless he is provided with weapons of equal deadliness to that with which the bandit is equipped. All bank robbers are equipped with machine guns. The peace officer who goes after these men does not stand a chance unless he has a machine gun, and his car is equipped equally as well as the one operated by the bandit, who knows the consequence of capture.

The machine gun authorized by the commissioners Monday is the latest type which has recently been adopted by the navy. The gun holds 50 cartridges. Sheriff Bob Barnett will have custody of the new equipment.

Many counties of the Plains have bought these guns in order to give their peace officers better protection, and give them a chance to stop the bandits should they pass through this section.

Owing to the increasing number of bank robberies, the two banks of Canyon announce this week that their vaults will remain locked throughout the day, and that only a limited amount of cash will be available. Customers are asked to notify the banks in advance if they will need unusual amounts of cash. Both the national and state banking departments have urged that banks adopt this policy. Insurance companies demand that the banking funds be protected as much as possible, owing to the great losses which have been sustained through bank robberies.

Program of Music Given Tuesday at Rotary Luncheon

The Music Committee was in charge of the program at the Rotary luncheon Tuesday. Clyde Warwick introduced Miss Pauline Brigham, who directed the program. Eight numbers were sung by a group of girls selected from the girls' glee club of W. T. The group was composed of Royce Park, Florine Bowman, Elizabeth Faulkner, Lucy Jo Loudder, Zua Warner, Marion Hill and Ruth Wells.

The Panhandle Rotary Club will come here next Tuesday night for an inter-city meeting.

President Vet Ingham appointed a nominating committee composed of Marion Bishir, Wes Kleinschmidt, and J. H. Cox, Jr.

The On-to-Abilene committee was appointed, composed of J. H. Cox, Jr., Bob Jarrett and Irby Carruth.

John Jackson was present for the last time as a member of the club. He has moved to Amarillo.

The following guests were present: H. F. Lauder, Harvey Allen, Walter Barlow, Jess Sanders, Ross D. Rogers, N. S. Griggs and Arthur Osgood of Amarillo, Doulhitt Wilson of Dallas and Carl York of Canyon.

MARRIAGE LICENSES

Jess Ketchum and Miss Mabel Dennis, April 6.

Albert Gambling and Miss Violet Wofford, April 7.

Diamonds and Wedding Rings, E. Burroughs, Jeweler.

Mr. and Mrs. Curtis L. Hughes of Oklahoma City returned home Sunday after visiting his mother, Mrs. R. M. Gibbs and family here.

Cornerstone Date Changed to May 12 to Accomodate Colp

Owing to the fact that Chairman D. E. Colp of the State Parks Board was unable to reach Canyon today, the cornerstone laying exercise at the Palo Duro State Park was postponed until May 12th.

Major E. A. Kingsley set the new date after Mr. Colp had definitely decided Thursday that the trip would be impossible for this week.

The Canyon Masonic Lodge will have charge of the ceremonies, and will be assisted by Masons from other Panhandle lodges.

The new date will be after the removal of the two CCC companies which are being transferred to new locations. While here Mr. Colp and members of his board will make definite arrangements as to how the work will be carried on in the future.

Major Kingsley states that work is progressing very well at the Park, although the work force was considerably reduced the first of the month when the enlistment period ended. The force is being built up for the new enlistment period, and it is believed that each company will soon be built up to full strength.

Sunday was Pampa day at the Park, with more than 500 cars coming for the day.

Designated special days for various towns of the Panhandle is the plan of Colonel E. R. Coppock. Colonel Coppock has been visiting many towns of the Plains, lecturing before luncheon clubs and high schools, telling of the wonders of the Palo Duro.

Maury Hughes Is Opposed to Reducing College Rank

Maury Hughes, candidate for Governor, has written a letter to The News which will be of interest to all citizens in this section. He opposes reducing the rank of W. T. to a junior college, and clearly states his position in the following letter:

Dallas, Texas, April 4, 1934.
Editor, The Canyon News,
Canyon, Texas.
Dear Sir:

I have received inquiries from people living in your section of the state, in regard to my position in reference to higher institutions of learning, particularly the West Texas State Teachers College at Canyon.

In my announcement for Governor, I stated that I am for liberal appropriations for higher institutions of learning, and I will add that I am unalterably opposed to redcing the standing of any of the present schools. I am also opposed to the abolishing of such schools, or reducing their rank to that of junior work, or merging them with any other institutions of a similar nature.

The teachers in these institutions should receive a decent and livable wage, not warrants and unfair reductions in salaries, and I am determined that their present status shall not be impaired, but improved.

I will appreciate it if you will give this letter space in your newspaper.

Yours very truly,
MAURY HUGHES.

Plainview Group Here Tuesday To Boost Dairy Show

A large delegation of Plainview citizens was here Tuesday afternoon for 20 minutes to boost for the Dairy Show which will be held in that city starting Monday and continuing through next Thursday.

H. B. Hales and Sons will show their dairy herd, which is said to be larger and better than ever before. This herd has been consistent winners in all of the dairy shows.

Dr. J. A. Hill will speak on the educational program on Wednesday. Col. E. R. Coppock will speak on the Palo Duro Park Thursday.

EMPTY FARM HOMES SURVEY BEING MADE

The federal government has asked for a survey of the empty farm houses in Randall county with the view of placing families in all houses which are available. It is necessary that some land go with the houses in order that the family raise a sufficiently large garden to care for their needs during the summer.

W. H. Hardin is making this survey.

LEGISLATORS IN VISIT TUESDAY MUSEUM, PARK

Eight Senators and Three Representatives on Trip

HIGHLY PLEASED

Here to Investigate Gas Waste in Panhandle Oil Field

Members of the Texas legislature were entertained here Tuesday afternoon for a short time at the museum building, and then taken to the Palo Duro State Park where they were given supper and shown the beauties of the Park.

A committee from the legislature is holding hearings in Amarillo on the natural gas situation and took this opportunity of making a visit to the College and to the Park. Those who were in the party were: Senator Clint Small, Senator Walter C. Woodward of Coleman, Senator Will Martin of Hillsboro, Senator John Redditt of Lufkin, Senator J. W. E. H. Beck of DeKalb, Senator W. B. Collie of Eastland, Senator W. R. Poage of Waco, Senator Grady Woodruff of Decatur, Senator Arthur Duggan of Littlefield, Representative and Mrs. Olin Van Zant of Tioga, Representative L. B. Rogers of Ochiltree, and Representative H. K. Stanfield of Amarillo.

Owing to pressure of business in connection with the gas hearing in Amarillo, it was impossible for the visiting legislators to spend much time either here or at the Park.

Great pleasure was expressed by the visitors in the visit. The Museum building and display of relics were highly praised by all members of the party.

Surprise was expressed over the grandeur of the Palo Duro and the extent of the work which had been accomplished since the CCC camps have been working at the Park. Few of the members realized the beauty of the canyon and expressed great pleasure for the opportunity of having had the opportunity to view this work of nature.

A banquet was given Monday night in Amarillo honoring the visiting legislators, invitation to which was extended to Dr. J. A. Hill, J. H. Cox, Jr., and Clyde W. Warwick.

LOUIS UPCHURCH IS A. & M. DISTINGUISHED STUDENT

Among the 214 students at Texas A. & M. College eligible for "distinguished student" rating for the 1933-34 college year, according to report by E. J. Howell, registrar, based on first semester grades, is Melvin L. Upchurch, of Canyon.

In order to be listed as a distinguished student, it is necessary to accumulate at least eighty-one grade points and to make no grade lower than a C during the college year.

Largest Number Votes Ever Cast in School Election

511 BALLOTS CAST

Allison Retires From the Board—Three Year Term

The heaviest vote ever cast in a school board election resulted in Saturday's election in the Canyon Independent School District. Five hundred and eleven votes were cast, which resulted in the following:

Dan F. Sanders	464
S. H. Condron	453
Geo. W. Cox	377
R. O. Allison	181

Sanders, Condron and Allison were seeking re-election. The name of Cox was entered by friends on the final day for filing of names for places on the ballot.

The unprecedented vote caused the judges to resort to typewritten ballots for those who came late to the polls. 500 ballots had been printed, since the usual election sees only 200 or 300 ballots used.

The three men elected will serve for a term of three years.

Other members on the board are: T. V. Slack and Alfred Bellah, who have two years to serve; W. H. Stroud and J. H. Lisle, whose terms expire next year.

The only selection made by the trustees for next year's faculty was the recent election of Supt. Irby Carruth for a two-year term. Andy Walsh was also named as assessor-collector for the coming year. Members of the teaching force will be named in the near future.

Sarah Harrington Died at Home of Daughter Monday

Mrs. Sarah Katherine Douglas Harrington, 87, died Monday morning at 5:45 o'clock at the home of her daughter, Mrs. R. D. Lowe. The body was shipped to Coleman Tuesday morning for interment by the side of her husband who died several years ago.

Mrs. Harrington has lived here for ten years. She was a member of the Methodist church.

Surviving is one daughter, Mrs. Lowe, and one brother, F. F. Douglas of Safford, Ariz.

Rape Case, Liquor Charges, Drunks, in Several Cases Filed

Charges of rape were filed against C. L. Woods Monday by Sheriff R. N. Barnett when complaint was made by a local girl 17 years of age. Woods is being held in the Amarillo jail. The bond of Woods was set yesterday at $5,000.

Gus Miller was arrested on the charge of selling liquor and is out on $1,000 bond to wait the action of the grand jury.

Fines were lodged against Jim Vester and Alvin Eastwood of $100 each on the plea of drunkenness.

Four gypsies were picked up Friday by the local officers on complaint of a Tulia man, and were fined for vagrancy. They had gyped the man out of $50 while "performing magic" over his money.

Two charges were filed against C. A. Reilly of Amarillo, one for operating a truck without licenses, and the other for vulgar, obscene and indecent language. The truck driver, W. F. Dennel, was fined.

Legion Commander Tells of Work to Aid the Veterans

Charging that mis-information was being distributed for the purpose of injuring the American Legion, State Commander L. Van Perkins reviewed the work of his organization at a luncheon held Thursday which was attended by thirty local men, together with several visitors from the Palo Duro State Park and the Amarillo Post.

The appropriation bill passed over the veto of the President included all federal office holders, who profited to a very much greater extent by the increased appropriation. Only $45,000,000 will go to aid the world war veterans.

The legion has a definite program of legislation. It includes the care of all service men who are in need; for the care of needy widows and orphans; the universal service act, which would take the profit out of war.

The speaker charged that back of the economy program was an organization which had deprived the schools of America of $378,000,000 last year, resulting in many closed schools, and teachers without their pay. The Legion was working with the National Educational Association and the Texas Teachers association for adequate schools in this nation.

In the absence of Post Commander Guy Harp, Adjutant Jeff Fowler presided at the luncheon.

Mrs. A. P. Thornton Died Monday; Funeral Tuesday

The community was shocked Monday to hear of the sudden death of Mrs. Harriett Ann Thornton. She suffered a stroke of paralysis Monday morning and died at 2:05 in the afternoon. Apparently she had been in good health up to the time of the sudden attack.

The funeral services were conducted at the Methodist Church Tuesday afternoon at 3:00 o'clock, Rev. J. O. Quattlebaum officiating.

Mrs. Thornton was 47 years of age. She has lived here for 10 years. Her husband was county commissioner before his death 5 years ago.

Surviving are three children, Mrs. Earl Russell of Canyon, Mrs. L. B. Garrett of Antelope, and A. G. Thornton of Canyon; three sisters, Mrs. W. J. Wooten of Canyon, Mrs. Jim Lemon of Alma, Mrs. Nannie Gizzard of Kemp; one brother, Jim Cave of Alma; and her mother, Mrs. Mary Cave of Alma.

Relief Work Gets Under Way Again After Week Recess

About 125 men were at work in Randall county under the new relief set up, and completed their week which was started before the halt was called on Tuesday of last week. Starting with the new week on Friday, every man who is qualified for relief work under the new set up will be put to work, unless orders are changed from Austin.

Whether or not the change in state administrator will have any material effect upon the program now underway has not been learned at the local office.

ANNUAL MEET HISTORY GROUP CALLED FRIDAY

14th Annual Meeting Panhandle Historical Society

NICHOLS TO TALK

Large Advance Sale of Tickets Indicates Interest

The fourteenth annual gathering of the Panhandle-Plains Historical Society will be held in Canyon tomorrow. The gathering promises to be the largest in the history of the society, with a larger number of advance reservations for the banquet Friday night than is usually the case.

The first anniversary of the dedication of the Museum building will be observed, and an interesting report of the first year's work in the new building will be made by L. F. Sheffy, secretary of the society. The museum will be opened to visitors throughout the afternoon.

The business meeting will be held at three o'clock. President H. E. Hoover will preside at this session.

R. C. Crane, president of the make the principal address at this session.

The annual banquet will be held at 7:00 o'clock at Cousins Hall. The following will be the program:

Toastmaster, Herbert Hilburn, of Plainview.

The Old Time Welcome, Judge H. T. Hoover, of Canadian.

Reminiscences, J. M. Russell, of Amarillo.

Songs, College Glee Club, W. T. S. T. C.

Tales of Other Days, Judge L. Gough.

Songs, Senorita Maria Flores, Senor Jose Ramos, accompanist, of Amarillo.

Address, Ray H. Nichols, of Vernon.

Sunday Is Largest Day at the Museum Since Its Opening

The largest crowd since the opening day of the Panhandle-Plains Historical Museum was registered Sunday. A total of 757 persons signed the register, and it is estimated that fully 1,000 individuals inspected the building. The crowd was so large that many of the visitors failed to register.

The registration for the first year of the museum will go to near the 30,000 mark, states L. F. Sheffy.

A large number of people from Pampa came to the Museum, and went on to the Palo Duro State Park where the high school band entertained the veterans.

Charge Dismissed Against Morton Angel at Vega

Judge Reese Tatum has dismissed the charge against Morton Angel, who was charged with burglary in connection with the theft of the safe from the First State Bank at Wildorado last June. Angel was charged in connection with Louie Turner and Ernest Rowe, both of Amarillo. All three were discharged when the state failed to produce witnesses in the case.

W. J. Pottorff, finger print expert, made the investigation which lead to the arrests. He failed to show up for the trial in two terms of the district court, and Judge Tatum ordered the case dismissed.

The safe of the bank was taken from the bank building and hauled to the Money school house in the southwest part of Randall county where it was opened and $300 in cash taken.

No further arrests have been made in connection with the robbery of the safe.

All of the candidates for governor have announced their platforms in their opening speeches. From now on, the political issues will be discussed in every section of the state. Six candidates for governor are starting pretty well on even terms. As the campaign develops, alignments will be made which will develop the strength or weakness of the various men in the race. All of the candidates will be asked as to their stand on the educational system. Every candidate for the legislature should be asked to come out definitely on this question. In the governor's race, Senator Clint Small seems to be gaining in strength all over the state. To those who wish a safe and conservative man with unusual qualifications, Senator Small is making a great appeal. Four years ago Senator Small was not known in East and South Texas. Today he is well known, and has a large following. With West Texas voters staying with Senator Small, he is in line for a place in the second primary.

Daylight bank robberies have increased so rapidly the past few months that many insurance companies have refused to carry this type of insurance, and rates have rapidly increased in the few companies which continue writing this insurance. The banking departments, state and national, have urged banks to use every precaution to avoid day light holdups. Vaults are kept locked throughout the day, and only a small amount of cash is ever available. This means that customers must notify the banks in advance if they will need large sums of cash. The county banks have largely been the victims of the holdups, but all city banks are taking unusual precaution, as they never know when a raid will be made on them. The only way to stop bank robberies is to take the profit out of it, and to make it extremely unsafe.

The radio has resulted in practically wrecking local programs of entertainment. Few people will go to local musical programs. They had rather sit at their homes and turn on the radio, getting programs from all over the country. Perhaps the quality of the program is vastly inferior to the one which they might hear, but it requires no effort, and if they wish to go to sleep during the program, they are not embarrassed by so doing in their easy chair. The radio probably means the end of lyceum numbers and other kinds of programs, excepting those by the best advertised performers. Last week the music festival was held in Canyon. Even with a large number of visitors present, the attendance at the programs was very small. Reports from other towns indicate that Canyon is no better or no worse than the average so far as attendance at musical programs is concerned.

The trail of blood through the Southwest which Clyde Barrow leaves surpasses anything in the history of this section, noted for its pioneer gunmen and outlaws. The modern equipment of the 1934 bandit is responsible for his "success." And it is very evident that Barrow and his female pal consider their lives very great successes. From the stories which come from those who are captured by the pair, it is self-evident that they are enjoying to the extreme the publicity given their daring acts. The bandit of yore was a mature man, cool and deliberate in nature. Today the bandit is a daring youth, without fear, without a care, and who is drunken with the idea that he is making a great success in his criminal career.

The commissioners court is to be complimented on authorizing the purchase of a machine gun and equipping a car with a bullet proof wind shield. The average peace officer has no chance against the modern bandit, as the officer's equipment is usually ineffective. The bandit knows that his life is at stake and will wilfully kill upon the slightest pretext. The amateur crook is not going up against a police department which he knows is prepared to kill. The bandit will evade those towns in which he knows the police are prepared, as he does not particularly wish to engage in an unnecessary fight.

Zita Breezes

Zita P. T. A. met Saturday night with a good attendance. A short but interesting program was given by the school children and by members of the P. T. A. Refreshments of pie and coffee were served at the end of the social hour.

Mr. and Mrs. C. C. Kellogg and Walter, from Wildorado and Maxine Monahan and Colleen from Amarillo spent the week end with Mr. and Mrs. Bailey McCormick.

T. J. Caswell and Mrs. Alleen Christian from Georgetown, and Mrs. Scott Ford and Miss Bada Christian from Amarillo, spent Thursday in the C. C. Stewart home.

Bailey McCormick and Forrest Gruner held the trustee election at the school house Saturday.

Miss Esther Root spent the week end at her home in Canyon.

Guy Lombardo's Royal Canadians To Play in Amarillo on April 16

Here are the 11 Royal Canadians, including Guy Lombardo and his three brothers, who will appear in Amarillo in concert and for a dance engagement the night of April 16. This famous dance and radio band will make the two appearances — at the Municipal Auditorium and at the Nat—to accommodate those who like their music sitting down, and those who like to shuffle their feet to it. The concert will be especially interesting, as Lombardo promises a brilliant "extemporaneous" request program to last from an hour and a half to two hours. Reservations are available now at the Globe-News, and may be made by mail or telephone by calling Miss Lois Black. Concert prices are 50 cents to $2; for the dance, $2 per person. A large representation from over the Tri-State area is expected. Phone or write for tickets now.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel dow- and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. © 1931 C. M. Co.

This Seal Is Your Assurance Of

EFFICIENT GAS APPLIANCES

"To receive the American Gas Testing Laboratory BLUE STAR approval seal a gas range shall produce no carbon monoxide." In the photograph above, a laboratory chemist is testing the products of combustion of a newly designed gas range.

Your gas range is—or should be—the best designed gas appliance in your home. For a good gas range, to be satisfactory in every respect, must meet more exacting requirements than any other household gas appliance.

The American Gas Association of which this company is a member, has invested more than one-half million dollars in its Cleveland testing laboratory. Thus facilities have been provided to truly test new gas ranges and all other new gas appliances. The good are separated from the bad; and every approved appliance is REQUIRED to have the BLUE STAR approval seal, illustrated above, affixed to it.

A gas range or other gas appliance does not necessarily need to be costly in order to be an approved type. Nor can you assume that because a gas appliance is very modern and beautiful in appearance and finish, that it has the BLUE STAR, which assures tested merit, however costly it may be. This approval seal represents recognized standards for performance, efficient operation, and substantial and durable construction. Therefore, no gas appliance, at any price, should be purchased that does not have this BLUE SEAL affixed to it.

When shopping for a new gas appliance, ask the dealer to show you only those appliances which have this approval seal—as this is more important than all other considerations combined.

ESCALLOPED HALLIBUT
Mrs. F. M. Munson
(Serves six)

2 lbs. fresh hallibut
6 hard boiled eggs
2 tbsp. butter
2 tbsp. flour
1 cup milk
½ tsp. salt
¼ tsp. pepper

Make white sauce of flour, milk, butter. Add salt and pepper. Boil fish in one piece in salted water until tender. When cool remove all skin and bones and break into medium sized pieces.

Place a layer of fish in a well-buttered baking dish and cover with white sauce until all is used. Cut in half the eggs and use with the fish in the last layer. Cover all with white sauce. Sprinkle buttered crumbs on top and bake until heated through and brown. This makes a fine luncheon dish.

BOSTON BROWN BREAD
Mrs. R. E. Foster

1½ cups white flour
1½ cups graham flour
1½ cups corn meal
2 cups milk
1½ cups molasses
1 tsp. soda
2 cups raisins
Also 1 cup nuts if desired
2 tsp. baking powder

Sift soda and baking powder with flour. Add raisins, then milk and molasses, and nuts last if used.

Fill baking powder can about half full and cover cans with lids and place in rapidly boiling water. Steam for 3 hours.

SPANISH STEAK
Mrs. Henry Campbell

2 lbs. round steak cut 2 in. thick
¾ cup boiling water
Sliced onions to cover
1 No. 2 can tomatoes
2 tbsp. grated cheese.

Brown the meat in hot frying pan, leaving on the fat. Then add water, cover and bake 45 minutes in moderate oven. Sprinkle with salt and pepper. Cover with layer of sliced onions. Bake another hour. Then cover with layer of solid meat of tomatoes. Bake 15 minutes. Sprinkle over with grated cheese and leave in oven long enough to melt. There will be a delicious thick gravy, and steak will be very tender.

SPICED PUNCH
Mrs. Ray Campbell

3 cups of tea (used as a base)
¾ cup orange juice
½ cup lemon juice
1 tsp. whole cloves
2 or 3 sticks of cinnamon
2 scant cups sugar
1 cup water

Boil water, sugar, cinnamon, and cloves. Strain. Add the strained fruit juices and tea. Chill by adding ice. This dilutes it some.

PINEAPPLE AND CHEESE SALAD
Mrs. Clarence J. Bauer

1 pkg. Knox gelatine
¾ cup water
¾ cup sugar
1 small can crushed pineapple
Juice of ½ lemon
¼ tsp. salt.
½ pint cream

Dissolve gelatine in water. Let sugar and fruits come to boil and add salt, then mix with gelatine. When this begins to congeal, add 1 cup grated cheese and ½ pint whipped cream. Serve on lettuce leaf with mayonnaise dressing.

COLE SLAW
Mrs. Alvin McDonald

1 small head cabbage
¼ cup vinegar
¼ cup sugar
½ cup nuts
½ cup cream
½ tsp. salt
Paprika as desired

Shred the cabbage. Add vinegar, sugar, salt and paprika. Mix well and add cream slowly. Sprinkle with nuts.

FROZEN FRUIT SALAD
Mrs. Clyde Warwick

20 dried apricot halves, cooked
2 bananas
¼ cup maraschino cherries
5 slices pineapple
18 marshmallows
¼ tsp. salt
¼ cup pineapple juice
5 tsp. maraschino syrup
¾ cup cream, whipped
½ cup mayonnaise dressing
2 tbsp. lemon juice.

Freeze in electric refrigerator.

SPANISH RICE
Mrs. C. M. Dowlen

1 cup rice
1 lb. ground meat
1 No. 2 can tomatoes
3 onions
2 tbsp. frying fat
1 small can pimentoes
1 green pepper
2 tsp. chilli powder
Red and black pepper to taste

Boil rice and add tomatoes. Fry onions, peppers, meat. Combine with rice and tomatoes. Bake 30 minutes.

Left over meat may be used in this recipe.

CHICKEN CROQUETTES
Mrs. R. N. Barnett

2 tbsp. fat
¼ cup flour
1 cup milk
1¾ cup cooked fowl
Salt and pepper
¼ tsp. celery salt
1 tbsp. finely chopped onion
1 tsp. lemon juice
Egg and crumbs.

Make a white sauce with the fat, flour and milk. Add fowl, seasoned with celery salt, lemon juice, onions, parsley, salt and pepper. Cool, shape, and dip into flour or fine crumbs then into egg and again into crumbs and fry in deep fat from 2 to 5 minutes. White meat of fowl absorbs more sauce than dark meat.

TAMALE PIE
Mrs. Dewey Foster

3 or 4 cups water
1½ cups meal
Salt to taste
Left-over ground meat
Chilli pepper, salt, and pepper
Garlic if desired.

Grind the meat and add enough water to cover well. Add chilli pepper, salt and pepper to suit taste. Let this simmer until well blended. Make mush out of the meat and water. Place layer of mush in baking dish, then a layer of the meat mixture. Repeat until all is used. Then place in moderate oven and bake about one hour. Save some of the juice from the meat to use as sauce. Serve with crackers.

MEAT LOAF
Mrs. A. N. Burgan

1 lb. round steak
½ lb. pork
1 small onion
2 eggs
½ cup sweet milk
Salt and pepper to taste.

Cook slowly for about one hour and a half. After it has cooked 30 or 40 minutes, add one can of tomatoes. This makes the gravy. Before putting the meat in to cook put a little grease and water in the pan.

ESCALLOPED CABBAGE
Mrs. Wm. Ash

4 hard boiled eggs
1 small head cabbage
2 cups milk
1 tbsp butter
1 tbsp. flour
Salt and peper to taste.

Make white sauce of butter, flour and milk. Add salt and pepper. Chop and boil until tender the cabbage. Then alternate cabbage, cream sauce and eggs in layers in baking dish. Cover with bread crumbs, dot with butter and bake until brown.

EGGS WITH TOMATO SAUCE
Mrs. E. W. Schaeffer

1 can tomatoes
1 small onion minced
1 tsp. salt
½ tsp. pepper

Cook until onion is almost done. Break in an egg for each individual to be served. Sprinkle with a little grated cheese and bake until eggs are set.

NUT SOUFFLE
Mrs. J. L. Duflot

1 cup soft bread crumbs
½ cup milk
½ cup chopped nuts
½ tsp. salt.
Dash of pepper
Whites of 3 eggs.

Cook milk and bread crumbs until perfectly smooth, stirring constantly. Remove from fire; work in the nuts, add the seasoning. Fold in well beaten whites of eggs, turn into a baking dish and bake in a quick oven from 10 to 15 minutes. Serve at once.

OATMEAL COOKIES
Mrs. T. A. Ridgeway

1 cup shortening
1 cup sugar
1 cup raisins
1 cup nuts
2 cups rolled oats
2 cups flour
2 eggs
1 tsp. soda
1 tbsp. cinnamon
Pinch salt
4 tbsp. sweet milk
Vanilla.

Cream sugar and shortening and add eggs. Sift flour, soda, salt, and cinnamon together and add raisins. Combine this with first mixture and add milk, flavoring and nuts.

Bake in moderate oven about 25 minutes.

SYRUP PIE
Mrs. F. R. Phillips

½ cup sugar
3 eggs
1 or 2 tsp. lemon juice
⅛ lb. butter, warmed
1 cup syrup
Nuts

Cream sugar and butter. Add beaten eggs, syrup and lemon juice, also nuts, if used. Bake in pastry until filling sets.

DATE COOKIES
Mrs. C. A. Murray

3 eggs, unbeaten
1 cup sugar
1 cup nuts
1 cup dates
2 tbsp. butter
¼ tsp. salt
1 tsp. baking powder
5 tbsp. flour

Add sugar, eggs, then butter. Stir in nuts and dates, salt, baking powder and flour last. Roll in powdered sugar while hot.

NEW ORLEANS PECAN PIE
Mrs. Clyde McElroy

3 eggs
1 cup brown sugar
1 tbsp. butter
1 cup corn syrup
1 cup pecan meats
1 tsp. vanilla
Few grains salt.

Cream butter and sugar. Add the syrup and well beaten eggs, salt and vanilla. When well mixed, add coarsely chopped pecan meats and turn into a pie plate lined with paste. Bake in a moderately hot oven, 375 degrees to 400 degrees until brown.

SWEET SACCHARIN PICKLES
Mrs. J. J. Walker

Wash cucumbers and dry thoroughly. Large ones may be split lengthwise into quarters. Pack in jars and pour over them the following pickling syrup:

2 qts. vinegar
¼ cup salt
1½ tsp each ground cinnamon, cloves, allspice
3 tbsp. ground mustard seeds

(Or pickling spices may be used in place of all the above ground spices)

2 tsp. powdered alum
1 tsp. saccharin
½ cup prepared horseradish.

Mix the foregoing ingredients thoroughly and pour cold over the cucumbers in jars. This amount is sufficient for 4 quarts of pickles.

OLD TIME GINGER BREAD
Mrs. N. A. Croson

1 cup dark brown sugar
½ cup shortening
1 cup dark molasses
1 cup sour cream
1 tsp. soda
1 tsp. ginger
4 egg yolks
3 cups flour

Cream shortening, sugar and yolks together; add molasses and ginger. Dissolve the soda in 1 tbsp. hot water and add it to the sour cream. Then add other ingredients and flour and beat well. Bake in a long shallow pan in moderate oven.

TRUE BLUE PIE CRUST
J. DeGraffenried

(For a two crust pie or two one crust pies)

½ cup shortening
¼ cup boiling water
Beat until creamy.
1½ cup flour
¼ tsp. salt
1 tsp. baking powder

Add the dry ingredients which have been sifted together to the other and stir until a smooth ball is formed. Chill until firm or it may be used immediately.

VANILLA WAFER DESSERT
Mrs. W. C. Black

Make a layer of vanilla wafers in a square pan. On top of this place a filling made as follows:

2 tbsp. melted butter
¾ cup sugar
1 small can grated pineapple
3 beaten egg yolks
1 tsp. vanilla flavoring

May use 1 cup of nuts if desired.

Mix ingredients thoroughly—do not cook. Place another layer of wafers on top, put in refrigerator over night. Cut and serve with whipped cream.

The trouble with piety is its tendency to turn sour.

Tailored Suits Show Way the Wind Blows

WINDSWEPT COSTUMES, DESIGNED TO MEET MOST EXACTING TASTE, LEND MILADY THAT BREEZY AIR

Photos Courtesy Sally Lee Dress Shop, New York

Round patch pockets and white pique facing on the wide revers lend feminine touches to the simply tailored jacket suit in navy blue ribbed woolen, shown above. The modified swagger suit at right is of soft basket-weave woolen in warm rose red. Note the interesting seaming.

BY HARRIET

BLOW what may (and fashion trends certainly are windy this spring), neat tailleurs always appeal to smart young things with tailored tastes. Women in this category look at windblown suits with fullness bunched in front under the belts, rippling revers and collars that jut forward in the most roaring windswept manner — they look, but they don't buy.

And, this year, it's pretty easy to find an ensemble that pleases even the fussiest tailor-minded woman.

There are box jacket suits in profusion, with slim, straight skirts and nice little tailored coats—shorter this year, if you please. And the fitted jackets—don't miss them! They're shorter, too, and some are belted at the normal waistline.

This is a pocket season. Almost any suit you like will have slit or patch pockets that certainly give a girl an air.

• • •

AND any hopeful-of-being-chic girl should have an animated interest in blouses to wear with her suit. Taffeta blouses are headlines right now. They come in interesting plaids, as well as in monotones. After taffeta, there are fascinating cottons of all types and colors.

Linen is another favorite and so is wool challis, that grand old fabric that grandmother loved when she was a girl.

• • •

NAVY blue ribbed woolen is used for a simply tailored jacket suit that features feminine touches in the round patch pockets and white pique facing on the wide revers.

This is the kind of spring outfit that will see any busy woman through an entire day, simply by addition of the right blouses and other accessories.

The rag hat, an import, is crocheted of navy and white cotton thread with a navy linen bow. The model wears navy blue kidskin oxfords and white washable gloves.

Interesting seaming on sleeves and hips highlights a modified swagger suit of a soft basket-weave woolen in warm rose red. Composition buttons in the same rich color fasten the round tabs at neck and wrists.

Fortune Deserted Insull, Utilities King, At Crest of His Career

SEVERAL years ago an autocratic Napoleon of industry, more recently a dejected, bewildered fugitive from justice, Samuel Insull has found Dame Fortune fickle indeed.

She has jilted the man who rose from a $1.25-a-week office boy job to command of a three-billion-dollar public utilities empire, serving 15,000,000 people in two-thirds of the United States.

The most ambitious Alger tale pales beside that of the Chicago "man of destiny." Born in London of a middle-class English family, Insull went to work at 14 as an auctioneer's office boy. His mastery of shorthand and bookkeeping, self-taught at home, earned him a job with the London agent of the late Thomas A. Edison.

Impressed by the lad, the agent recommended him to the inventor, and in 1881 Insull came to America as Edison's secretary.

• • •

THE energetic young Englishman soon became Edison's business manager, organizing companies to make and sell his queer gadgets. In 1892, when death claimed the president of the old Chicago Edison Company, young Insull was asked to recommend a man. He chose himself.

By 1907 he had consolidated Chicago's five independent electric companies into his own Commonwealth Edison Company. In 1911 came his next big step. He bought and linked scattered electric plants in a number of small towns surrounding Chicago, to form the world's first interconnected super-power system and the Insull Empire started to take form.

• • •

AT the peak of his career, Insull commanded more than $3,000,000,000 worth of electric power and gas enterprises, electric railways, steam railways, coal mines, street car lines, elevated railways, taxicab and bus lines, heating plants, ice plants and office buildings.

As Insull bought plants, he paid for them with bonds or notes which he sold to the public. He kept the common or voting stock, thus controlling each company, though he might have very little money in it.

Then he would sell this stock to a holding company of his own, which also held stocks of several similar properties.

Next, he would issue notes with the stock of his holding company as security, and sell these notes to the public. This would give him funds to buy several more properties and form them into a similar holding company.

The Insulls, father, brother and son, are shown above. At top is Samuel Insull; at left below, Samuel Insull, Jr., and at right, Martin Insull, shown in Chicago as he was released on bond until his trial on a charge of embezzlement.

When he got together a series of such holding companies, he would unite them under a sort of super-holding company, and repeat the process.

• • •

THE depression arrived. In 1932, Insull's Middle West Utilities was reported owing bankers $30,000,000 or more. Ordinarily, the utility magnate found it easy to raise capital from investors in the small midwestern towns.

But now these investors were themselves in need of money. Insull tried desperately to raise funds to pay the interests on his mortgages. He failed, and his pyramid of closely interlocked holding companies began to topple.

Frantically, he threw into the breach everything he owned, including his $100,000,000 personal fortune, in a futile effort to stem the tide of disaster. Then, shorn of power, dazed by the disaster and weary from strain, Insull sailed with his wife for Paris, where they were soon joined by their son, Samuel, Jr.

Meanwhile, Martin Insull, Samuel's brother and president of the mighty Middle West Utilities Co., had abdicated to Orillia, Ont., a little town 90 miles north of Toronto.

Then began the Insulls' long fight to evade American authorities who sought them on embezzlement charges, and to escape the net which Uncle Sam slowly drew about them.

Horton Smith, Last Man to Beat Bobby Jones Before His Retirement, Does It Again to Show He's Still in the Running

BY PHILIP MARTIN

SHORT putts from the golf world:

Bobby Jones' failure to win the Masters' Tournament, staged over his own course at Augusta, Ga., doesn't mean that Jones is through so much as it indicates that one Horton Smith, Joplin, Mo., pro, is back on his game again. It is interesting to note that Smith, who won the Augusta tournament in which Jones tried a comeback after being idle since 1930, was the last man to beat Bobby before the southerner's retirement.

Shortly after his victory over "Emperor" Jones in the Savannah Open of 1930, Smith was injured. He spent a long time recovering, and a longer time getting back on his game. But he proved conclusively that he was in shape again when he turned in a card of 284 during the Masters' Tournament, to lead the field, one stroke ahead of Craig Wood, second place winner, and ten strokes ahead of Jones!

Smith will be a big threat to Johnny Goodman's National Open crown this year since, in winning the Augusta affair, he beat the best pros and amateurs in the country.

THEY'RE doctoring up the golf ball now to make it more lively—just as they did with the major league baseball.

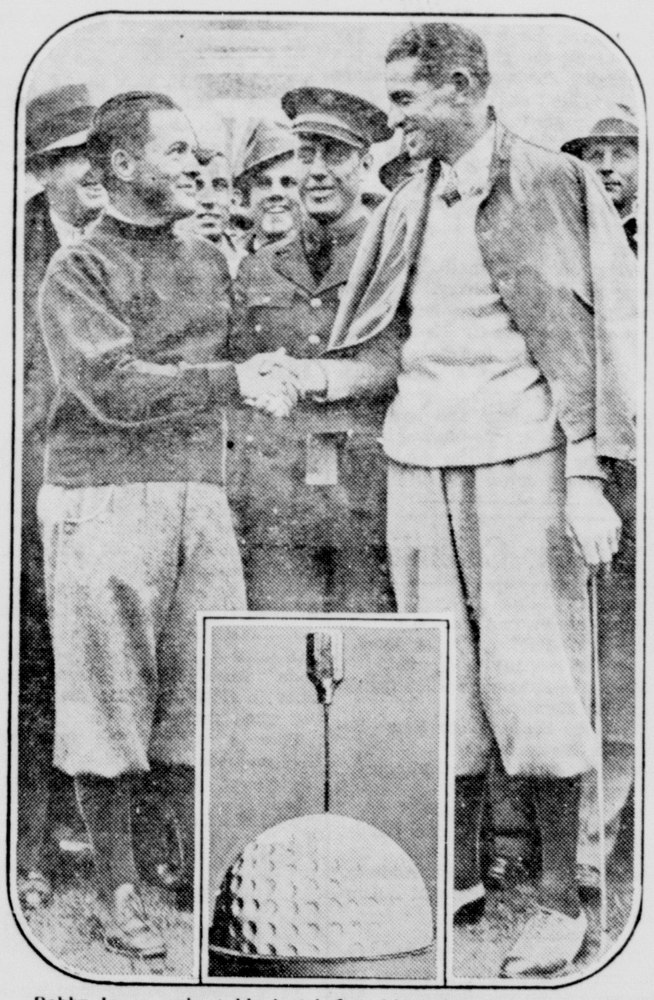
The new balls have a liquid center into which is forced, by means of a hypodermic needle, a pressure as high as 800 pounds to the square inch. This added pressure is said to increase the distance of drives from eight to ten yards.

Golfers have been testing it on various courses this year, and the other day Johnny Dawson got a hole in one at Pinehurst, N. C., with it. Johnny swears by the ball now.

Another development in the ball is the introduction of a "honey-center" by one manufacturer. It is said this type of center will not be so apt to contract and expand under varying weather conditions as other liquid centers.

• • •

THE old guard of women's golf—Virginia Van Wie, Maureen Orcutt, Helen Hicks, Opal S. Hill, et al.—are due for some surprises from an up-and-coming group of youngsters before the year is over.



Bobby Jones, unbeatable just before his retirement several years ago, is shown congratulating Horton Smith, Joplin, Mo., pro, winner of the Masters' Tournament held at Augusta, Ga. Jones finished in a tie for 13th place. Below is shown a golf ball about to be given a "shot" of air pressure, to make it more lively. The needle fits into the plunger of a pressure machine.

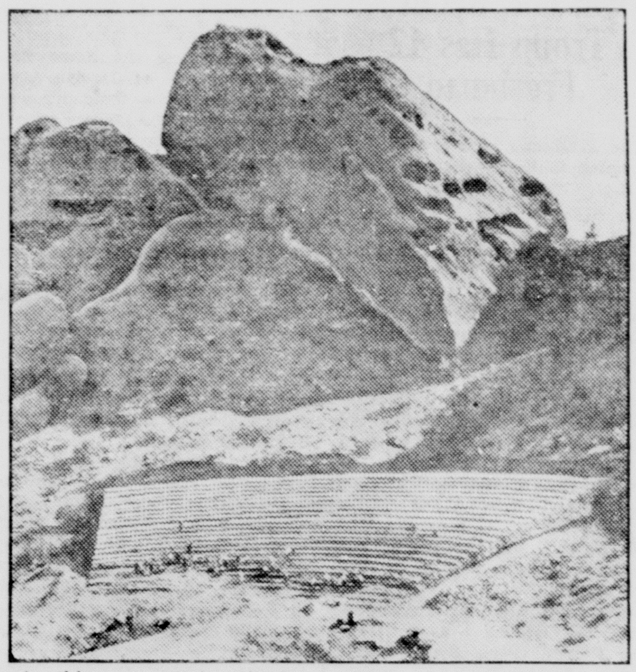
Foremost among these youngsters are Marion Miley, of Lexington, Ky., and Lucille Robinson, of Des Moines, Ia.

The former, just out of her teens, reached the final rounds of the Florida Women's championship by defeating Helen Hicks—and that's something. She holds six women's course records, one of which is on the Kenwood course at Cincinnati, scene of the 1933 National Amateur.

Miss Robinson won the women's western tournament in 1933, defeating Virginia Van Wie, present women's champion—and that is something, also.

Their records make it easy to predict that these two lassies stand a good chance of winning major tournaments this year.

Arizona's Unique CCC Project



Anything seems to be grist for the CCC mill. Near Phoenix, Ariz., they are carving from a desert hillside this huge natural amphitheater, seating 3500 to 4000 persons, a project that would have meant an expense of $30,000 to Phoenix or the state of Arizona.

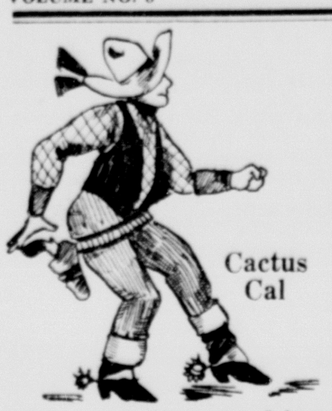
THE EAGLE'S TALE

P. T. A. Exhibit April 19th

VOLUME NO. 8 CANYON, TEXAS APRIL 12, 1934 NUMBER 30



Well, of all things, now I knew that these here Freshmen were working, but I shore did think that them seniors would git their king and queen crowned, but they didn't.

Well, I've heard of people sleeping in school, but when it comes to snoring it is really bad. I wuz visiting that study hall right after dinner, when some poor fellow that had been out too late the night before began to snore. It was that there Forrest Hill. As a little advice to you Forrest, I'd suggest you get in earlier the next time.

Well you Freshmen jest work and git your king and queen crowned the rest of your years in high school.

Your Pal,
CACTUS CAL.

Statistics Show Frosh Class Is Largest Class

Out of one hundred and ninety-seven students in the Canyon High School, fifty-seven are in the Freshman class, the largest class in high school.

At present there are 57 students enrolled in this class, while 33 are enrolled in the sophomore class, 54 in the junior class, and 43 in the senior class. The freshmen class has 23 girls and 34 boys; the sophomore class has 10 girls and 20 boys; the junior class has 27 girls and 27 boys, and the senior, the oldest class, has 25 girls and 16 boys. The freshmen, besides having the most boys of the school has the largest boy, Willard (Fat) Childers.

Though the freshman class has a larger number of F's than any other class, the percentage of failures is no lower than that of the other classes.

What Would Happen If?—Freshmen Werent So—

Mr. Aubrey Fox didn't lose his temper? If some of the boys were to wash their feet? Billy Louise had curly hair? Carolyn was as tall as Jean? The Fish were quiet and dignified? Mr. George Terry couldn't whistle? Anna Mayo couldn't giggle? Seniors and fish didn't get along with each other? Mr. I. B. Carruth wasn't good natured? There was more than one popular girl in the Freshman class? The Seniors acted their age? Sherman Higdon would keep out of other Fish's business? Jack Middleton couldn't cough loudly? Muriel Pirkle lost Dellas? Lester Clounch paid the Freshmen any attention? Ruth Richeson hadn't come to C. H. S.? Mary Catherine didn't twist? The Fish didn't chew gum in Mr. Fox's class? Senior girls were anymore dignified than the Freshmen? Jack Middleton was not bashful? Raymond Bible was not always giggling? Boyd Clayton was a star football player? Mr. George Terry wasn't always smiling? Gwen Byars was a star basketball player?

Mrs. Cousins Creates Interest In Fifth Grade Spelling

Mrs. Isabel Cousins has created more interest in her Fifth Grade spelling class by starting a contest. All who make one hundred on their lessons as many as four days out of the week will get their name in The Eagles Tale.

Those in 5A that made one hundred every day last week were, Betty Jo Foster, Hudson Prichard, Raynelle Rigsby, and Carl Small.

Those in 5A that only failed one day to make one hundred were Mary Bourn and Martha Frances Campbell.

Those in 5B that only failed one day to make one hundred were Myrtle Farr, Carl Criswell, Haroldine Miller, and W. J. Wooten.

Student Religious Council Gives Assembly Prog.

Thursday, April 5th the Student Religious Council of the College had charge of the chapel program.

President Charles Jennings gave the introduction, and the main talk on "Christ, the Light that is in the Picture of Life" was given by Kathrine Bragg. Chalk drawings were made by Betty Hicks and Katherine Moore, illustrating the song, "Ivory Palaces," while Madge Story sang the song and Betty Hicks accompanied her at the piano. The benediction was given by Roy Farnsworth.

Freshman Writes History of Class

In the fall of 1926, a group of children started to school in the first grade in the old Canyon Grade School building with Mrs. C. E. Strain and Miss Agnes Elliston as teachers.

When this building was torn down the next year, the first and second grade pupils went to school in the high school gymnasium and Mrs. Stella Murrell and Miss Agnes Elliston were their teachers.

In the third grade, Miss Wanda Cain and Miss Sophia Short were the teachers with Miss Addalene Strain and Miss Irene Crawford as music teachers.

When they were in the fourth grade Mrs. Hubert Hamil and Miss Erin Gamble, with Miss Addalene Strain as music teacher, taught them.

Their teachers in grades 5, 6 and 7 were Miss Lois Goodrich, Miss Margaret Wharton, Mrs. J. M. Davis, Miss Ola Mae Watts, Miss Flora Low Scott, Mrs. J. D. Barker, Mrs. Isabel Cousins, Mr. J. D. Hazlewood, Mr. Gordon Thompson, Mr. Ernest Cabe, Mr. Cleveland Jones, and Miss Doris Lynn Loudder.

This class has won the loyalty campaign two years, 7th and 8th grades; their king and queen won in the contest this year; they have more girl Scouts than does any other class in high school. Boys in 7th grade won intramural contest. The Freshman Home Economics Club is the first in the history of the school.

Teachers Assist Students In Make-up Work

The faculty of Canyon Public Schools plans special work to assist the pupils in making up their work.

The majority who are back in school have made special plans to make up their work, so that none will fail on account of sickness. All teachers are giving time and effort to assist those who have been absent. The teachers are going to see that none are penalized in school work because of sickness.

Mr. Carruth said that the parents can rest assured that every child shall have ample opportunity to make up back work.

Those who have been out for three weeks or more will not receive grades this six weeks until a later date. This is being done so that the pupils may have an opportunity to make their normal grades for time missed.

Mildred Shuman went to Happy Sunday.

Evelyn Cluck was in Amarillo Sunday.

Williard Childers has the measles.

Annual School Exhibit and P.T.A. Meets April 19th

At 7:45 Thursday, April 19, there will be a P. T. A. meeting followed by an annual School Exhibit. A display of the work of every department in school will be shown. Mr. Carruth said, "it will be a wonderful chance for parents and patrons of the school to see the work of various students. Average work on display as well as the best so that the cross section of work can be seen. I would like to request that visitors try to see as many different kinds of work as possible and not only that department in which his child works." Mr. Carruth said that he would like for every visitor to stay from two to three hours so that they can make a thorough study of every exhibit. He would also like to emphasize the fact that the school would greatly appreciate any and al lsuggestions regarding the exhibit that anyone might care to make. Such suggestions will help the school improve its work from year to year. "Parents find it impossible to visit the school very much during the regular term and these special displays of the work of the school are given so that they may see it one time, a general summary of this year's work," Mr. Carruth said.

"The product is a fair measure," according to Mr. Carruth, "of the energy and activity that has been exerted and carried on throughout this term."

The program preceding the exhibit will be made as short as possible so that more time will be given to the visiting of the different class rooms.

Bishop E. C. Seaman will speak at the regular meeting of the P. T. A. He will speak on the "Child and Community."

Mr. Carruth said that this is a very important subject and one that we all realize more and more every day must be given individual attention of interest. Citizenship, paved streets, new buildings, water systems and other civic enterprises are important, but none of these compare to the question of what the community is doing with their children in days to come when we must face the question fairly and start planning intelligent programs of recreational, religious, and educational programs for the young people. Bishop Seaman will tell how to do this in his address.

Loyal Girl Scout Troup Has 12 Freshman Girls

The Freshman girls are well represented in the Sandstorm Troop of High School Girl Scouts. They were organized as the Thistle Troop in 1930. They met at a little house back of Mr. C. N. Plaster's. From there they moved to the garage behind Mr. Harvey Cash's house. In 1932 they moved to the Scout Lodge in the building on the south side of the square. In 1933 they moved back of the Palace Cafe.

Marielle Oldham is secretary of the troop, Billy Louise Greenfield is leader of the Prairie Dog Patrol, and Fay Plaster and Mary Collins are assistant leaders. Del Bagley has done an outstanding piece of work in that she has passed her swimming test required for a first class scout.

Those girls who are Tenderfoot Scouts are Beulah Brasuel, Margaret Fulton, Gwen Byars, Mavis Hardin, Mary Collins, Evelyn Cluck, Mary Catherine Wirt and Dell Bagley.

Marielle Oldham, Mildred Shuman, Fay Plaster and Billy Louise Greenfield have passed their second class tests and have also obtained several badges.

The Freshman girls have accomplished many things such as going to camp four years, holding two courts of awards in which the girls all received several badges or pins.

These girls have decided to continue their work throughout high school.

Miss Fannie Sue Brasuel, home economics instructor, has returned to school after a week's absence.

Miss Lois Goodrich visited relatives in Lockney the past week end.

In Condolence

"The Eagles Tale" staff, together with the faculty and entire student body, wishes to take this method of extending deepest sympathy to Mary Ella Lowe at this time of her bereavement.

Just What About Our Freshmen? Asks Student

Several of the students and teachers express their opinions of the freshman class.

"I think the Fish are the liveliest class in school," says Bill Cone.

Miss Lois Goodrich says: "They are a record breaking class in more ways than one." Practically every teacher has found some record they have broken.

Robbie Foster, editor of The Eagles Tale, states: "I think the Freshman class of '34 is the best freshman class since the Fish of '31." She would say that.

T. V. Slack compliments the freshman girls by saying "The freshman class has a bunch of pretty girls."

Armor Lee Greenfield also thinks a lot of the freshman girls. She says, "The freshman class has more interesting girls than boys."

Wesley Cox says, "They're O. K."

"They are a lively, peppy class," says Miss Jordan.

Ogden Stroud says, "They're O. K. for beginners."

As bad as Dora Mae hated to, she said, "They're not lazy."

Mr. Fox said, "It is the best freshman class since I have been working in Canyon High School."

Mr. George Terry, the principal of Canyon High School, compliments the Fish by saying, "The Freshman class of 1934 has proved itself to be first rate from a scholastic, athletic, and school activity standpoint. Here's to your continued success."

Frosh Home Ec. Club Holds Three Meetings This Year

The Freshman Home Economics Club, composed of sixteen Freshman girls, has met three times this year and each time has had a very successful meeting.

The first time it met in the Home Economics room to elect officers and discuss business problems.

The second time it met at Miss Brasuel's home. The program for discussion was "Planning a Valentine Party."

The third time the Home Economics Club met at Carolyn Mayfield's home. The topic for discussion was "Our Personalities." At each meeting refreshments were served to the members.

Junior-Senior Banquet Given By 5A Class

(By Robbie Foster)

Last Friday little brown eyed Mary Bourn walked up to me and asked me, "Are you the editor of The Eagles Tale?

"Yes," I answered.

"Well, we had a mock Junior-Senior banquet in 5A today, and I wah the editor of The Eagles Tale."

"Mary, since you were the editor, why don't you write the banquet up for The Eagles Tale," I asked.

"I would like to," was her answer. And here it is, by Mary Bourn, 5A:

The 5A class of Canyon Grade School had a Junior-Senior banquet on Friday, April 5, in the English room of the grade school.

The toastmistress was Anna Ruth Schmitz. A senior queen and other officers were chosen. The queen was Marjorie Rusk; the president, Betty Jo Foster; the secretary, Carl Small; the president of the student council, Raynelle Rigsby; the football coach, Donald Olson, the editor of The Eagles Tale, Mary E. Bourn; the writer of "Cactus Cal," Bob Ziegler; the class prophets, Hudson Prichard and Martha Frances Campbell; the class historians, Mary Lou Burnett and Kenneth Cofer; the debaters, Pauline Cluck and Dorothy Mills.

After the electing of these officers, ice cream and cake were served.

Mildred Shuman, Anna Mayo Sharpe, Marielle Oldham, and Ruth McCrerey, who have had measles, returned to school Monday.

Jack Middleton, who has been quarantined for diphtheria, returned to school Monday.

Kate Eileen Donnel visited her sister in Happy Saturday.

Mary Collins and Jack Middleton Fish Candidates

The Freshman candidates, Jack Middleton and Mary Collins, won the annual election of King and Queen of the Canyon High School which was held Monday, April 9.

The kings and queens of the various classes were: Armor Lee Greenfield and Dan Gerald for the senior class; Wade Johnson and Edith Steen for the junior class; Mary Ella Davis and Wesley Cox for the sophomore class, and Mary E. Collins and Jack Middleton for the Freshman class.

Some of the various ways by which the money was raised were. Selling coat hangers, bake sale, candy sale, tag sale, box suppers, and beauty contest. The money which was raised for the kings and queens will go to help the seniors pay for the gift for the school.

Who's Who

Mary Collins, the Freshman Queen of C. H. S. was born in Ringold, Texas, Jan. 2, 1920. She started to school in Kress and there her mother taught her for three years.

Fatty Arbuckle is her favorite movie star and Kate Smith her favorite radio star because "they are near my size," she said.

Her favorite hobby is travel. She likes commercial geography under Miss Ethleen Murrell. Her most liked color is blue and she entertains herself by going to the show and eating pickles.

When interviewed she replied, "I am a thorn among roses." (Perhaps this is because she is the baby in her family). "I am a man hater, but if I ever marry, I will marry a man like George Stephen Terry."

When nine years of age she started to school in the fourth grade in Canyon grade school. She has gone to school here since that time.

She is a member of the Home Economics Club, pep squad, Freshman glee club, and for four years has been an active member of the Girl Scout organization.

Jack Middleton, the King of C. H. S., was born in Haskell city, Haskell county, Texas. He has spent his school days here in the Canyon grade and high school.

His favorite occupation is caring for horses. His favorite movie actress is Mae West. He loves to hear the mocking bird sing. He has claimed the pop-gun as his favorite toy.

He says the prettiest girl is the Queen and he seems to like her best of all the girls. Perhaps the old saying about birds of a feather is true in this case, since Jack and Mary are the youngest in their respective families.

His ambition is to be "a singing school teacher."

If you notice, Jack has a good many red ties. He says he likes them.

When he was small he had a snow white pet donkey. As Jack was playing one day he thought he would decorate it. He had seen his sister paint her face, so he got from his sister's dresser a tube of lipstick and put a red streak around the mouth and eyes and on the ears of the donkey. Imagine the looks of the donkey, as well as those of the outraged sister.

Freshmen, with their glossy
wings so bright.

Seniors Give Drapes To High School As Senior Gift

At the meeing of the Senior class Thursday they decided to buy grey Boston satin drapes for their gift to the school. These drapes are only for special occasions, Mr. George Terry stated. The drapes will be for the back and sides of the stage.

First Freshman Glee Club Organized This Year; Barker is Head

The first Freshman Glee Club in Canyon High School was organized this spring.

The organization, under the supervision of Mrs. J. D. Barker, has met three times and has practiced such songs as "Sylvia" and "Springtime." This club has good prospects; they are to join the High School Glee Club at the end of school.

The following are members. Gwen Byars, Betty Ruth Solomon, Lavena Watkins, Mary Catherine Wirt, Margaret Fulton, Mary Ellen Hurst, Mary Collins, Billy Louise Greenfield, Evelyn Cluck, Jean Slack, Kate Donnell, Carolyn Mayfield, Fay Plaster, Beulah Brasuel, Mildred Shuman, Mavis Harden, Ruth Richeson, Neva Lois Miller, Pauline Harris, and Marielle Oldham.

Fish Swim To Fame In Canyon High's Athletics

The Fish are very proud of the class members that were able to take part in the various athletics of the school.

Willard (Fat) Childers and Lester Clounch played on the Eagles football team. Willard Childers made a very good tackle, and Lester Clounch was very active as quarterback. Next year the Sophs are expecting to have several men on the football team. Some of the fish who sat on the bench were: Prentice McKee, Jack Middleton, Lavert Avent, Ralph Rusk, Ray Ford Rusk, Benson Clounch, Jack Inman, Forrest Hill, Scott Downing and C. L. Drummond.

The Freshman boys' basketball team was composed of: Willard Childers, Benson Clounch, Forrest Hill, Jack Middleton, Ralph Rusk, and Ray Ford Rusk. Lester Clounch and Willard Childers were on the Eagle basketball team.

The Fish are very proud of their girls who got to go with the girls' basketball team. The ones who traveled with the team were: Neva Lois Miller, Jean Slack, Evelyn Cluck and Mary Collins. Next year a large number of the team will be Sophs—because most of the members of this year's team are graduating from C. H. S. The Fish want to let the Seniors know that they will try to keep up the good title they have won for C. H. S.

Three Freshmen Girls Work In C. H. S. Library

Three girls of the Freshman class spend an average of one hour a day working in the library of the Canyon High School.

Neva Lois Miller works from 10:00 to 11:00 o'clock in the morning. Marielle Oldham works from 1:00 until 2:00 o'clock in the afternoon. Ruth Richeson works from 10:00 to 11:00 o'clock in the morning when she is needed.

These girls enjoy the work and they may some day follow the profession of librarian on a large scale.

Jean Slack Elected Comeliest Fish Woman by Frosh

In a meeting Friday morning to raise money for their king and queen, the Freshmen selected Jean Slack and Carolyn Mayfield as their candidates for the prettiest girl in the freshman class.

The election was held Monday, and Jean won by 93 votes. Each vote cost one penny.

CARRUTH RECEIVES LETTER FROM MRS. C. E. STRAIN

Mr. I. B. Carruth received a letter from Mrs. C. E. Strain, saying Mrs. Strain's condition was not improving. Mr. Carruth said, "the school wants to express its sorrow that it cannot give the friends of Mrs. Strain any word of encouragement as to her condition."

FRESHMAN EDITION

WHAT ARE FRESHMEN WORTH?

Although the Freshmen are thought of as "Green Fish," the Freshmen of 1934 are of benefit to Canyon High School. One of their outstanding acts was raising money to buy activity tickets. There was a one hundred percent record; so this was of great value to the high school because of the number in the class. In addition they won a banner for selling more activity tickets to town people than any other class sold.

The Fish are beneficial to the school athletics. They aid basketball, football and volley ball.

Not only in these does this class help. Ruth Richeson is our orator, and Betty Ruth Solomon, Lavena Watkins, Dell Bagley and Mavis Hardin work in the glee club.

This class largely composed the baseball team that won in the county meet. The line-up was as follows: Neva Miller, Betty R. Solomon, Pauline Harris, Mary Ella Davis (Sophomore) Fay Plaster, Kate Eileen Donnel, Mary Collins, Evelyn Cluck, Evelyn Cox and Ruth Richeson.

The Fish are famous after all because they are the only freshmen in the history of the high school to crown their king and queen. This not only gives them a record-breaking reputation, but helps the seniors buy a gift.

Do You Know What A Fresh Man Thinks?

A Freshman thinks that—

The weather bureau is a piece of furniture.

A knapsack is a sleeping bag.

A water moccasin is a new kind of house slipper.

That the league of nations is a new baseball circuit.

The Lady of The Lake is a new bathing beauty.

Independent clause is Santa Claus' brother.

Hamburg is a place where all bum actors come from.

That a nut sundae is a Sunday in an insane asylum.

An autobiography is a book about a car.

Hamlet is a young pig.

A nightingale is an evening wind.

Wavy hair is caused by water on the brain.

Joan of Arc was Noah's wife.

Football boys press their clothes with a gridiron.

The secretary of interior is a stomach specialist.

That an autocrat is a man with a car.

That a plutocrat is one who drinks pluto water.

The Denver Post is a place to hitch horses.

Mary Collins went to Amarillo Tuesday.

Margaret Fulton has whooping cough.

Wayside Items

Spring is here. Fruit trees are lovely with bloom. Wheat and grass are growing nicely. Birds are building their nests.

Joe H. Smith and family, consisting of wife and two sons, Vincent and J. B., with Mrs. T. A. Carter, who has been confined to her bed since Sept. 14, moved to their new home Saturday, five miles southwest of Silverton.

Ramsey's ambulance from Tulia conveyed Grandmother Carter. Later we hear she stood the trip fine, with but little fatigue. This is the fourth trip they have made with her.

Bell Williams and family from Knox county have moved back to the Plains. Have bought land between Happy and Tulia.

W. R. Franklin and family, Roy Franklin, wife and babe with Mrs. Ida Sluder, made a trip to Happy Sunday and visited with Mrs. Grace Counterman. M. C. Sluder and family came over and all had a good time. After a good dinner served, the Wayside bunch motored to the CCC camp and enjoyed seeing the wonderful work being done by these boys. Being Pampa Day, the band and school put on a delightful program. A large crowd there and all seemed to enjoy the musical entertainment.

Uncle Reuben Rogers of Happy formerly of Wayside, is very low with Brights Disease. Sunday he recognized friends from Wayside, but is in a very critical condition.

Mr. and Mrs. Stanley White of Claude visited Wayside Monday.

In assisting to dehorn cattle at John T. McGehee's a few days ago, B. B. Yerber accidentally got his upper lip split open and a number of teeth knocked out. Took ten stitches to close the wound. Seems to be doing as well as could be expected.

Roy Franklin and wife are visiting the parental W. R. Tucker home a short while.

The teachers of Wayside school, Prof. Horn, principal; Miss Hargins, intermediate; and Miss Lemley, primary, have been employed for the next term of school.

Trustee election Saturday was held by Floyd Adams, Dewitt McGehee and John Patterson. Result, T. L. Stevens, three years; M. L. McGehee, one year.

Rundown, Nervous?

Mrs. Martha McLasky of 1012 Spring St., Shreveport, La., said: "Some years ago I was rundown and in need of a tonic and nervine. I can still vividly remember the wonderful benefit I received from Dr. Pierce's Favorite Prescription. I do not care to go into details about my symptoms, suffice it to say, I can cheerfully recommend the 'Prescription' to any ailing woman."

ELECTRIC Refrigeration

When you buy food for the family, you take care to select only the freshest and most wholesome foods. You trade with a store that has modern refrigerating facilities, so that you will be sure the food IS fresh and wholesome.

But—are you as careful after this food is in your home? Science has proved that food should be kept at a temperature of 50 degrees or less if bacterial growth is to be properly retarded. With an ELECTRIC refrigerator, you can rest assured that food for the family will be kept as fresh and wholesome as when you bought it.

Less Cash Carried In Local Banks

Due to the numerous and increasing bank robberies, the two Banks of Canyon have adopted a policy which is recommended by both the National and the State Banking authorities and which is urged by the insurance companies.

Your Banks are carrying as little cash on hand as is possible, and during the day our vaults are kept locked, excepting at stated periods.

We are asking the co-operation of our depositors, and the public in general in protecting the funds of the community.

Please notify us twenty-four hours in advance in case you will need an unusual amount of money.

Our reserve and a major portion of our cash is carried in the Federal Reserve Bank, from which shipments of cash may be had on reasonable notice.

Kappa Conclave Is in Progress at W. T.—14 Delegations

Honoring fifty delegates from fourteen colleges and universities, the local Zeta Chapter of Kappa Omicron Phi, national honorary home economics sorority, will entertain the fifth national conclave of that organization here Thursday, Friday, and Saturday, April 12, 13, 14.

The program Thursday includes a luncheon in the college cafeteria, welcome by President J. A. Hill, response by Julia Hatz of Warrensburg, Missouri, and a buffet supper at seven o'clock. At three-thirty the Dramatics Club will present a play, "Rich Man, Poor Man," for the delegates, after which is scheduled a visit to the Panhandle-Plains Historical Society Museum.

Miss Darthula Walker, head of the geography department, will speak on the Palo Duro Park, immediately preceding a visit to the canyons Friday where the delegates will be served a pioneer supper.

The Amarillo Alumnae Chapter will entertain the delegates at a luncheon at the El Taos in Amarillo Saturday. Following the luncheon, the delegates will visit the Helium Plant before returning to Canyon. Climaxing the program of the Conclave will be a banquet in the home economics dining room at six o'clock Saturday evening.

National officers of the sorority are President, Hettie M. Anthony of Maryville, Missouri; vice-president, Julia Hatz of Warrensburg, Missouri; secretary, Mrs. Ivan C. Townsin of Hugoton, Kansas; treasurer, Chalcea White of Winfield, Kansas; chairman of the professional chapters, Mrs. Cleo Wiegert, who was formerly a professor of home economics here.

Membership in Kappa Omicron Phi is selective, only those of high scholastic achievement being made members. Local officers are, president, Mary Ellen Morgan; vice-president, Dorothy Gore; secretary, Madeline Cox; treasurer, Beyrl Hixson; correspondent, Dena Fae Jameson; and sponsor Miss Elizabeth Cox. Marie Parks, Helen Johnson, and Professor Marian Normington are members, and Helen Edwards a pledge.

Mrs. L. F. Sheffy and Mrs. J. A. Hill have recently been selected as matrons of the Zeta Chapter.

Colleges and universities to be represented are N. W. M. S. T. C., C. M. S. T. C., Fort Hays Kansas State College, S. E. M. T. C., Marshall College, W. T. S. T. C., University of Arizona, Santa Barbara State Teachers College, Texas College of Arts and Industries, College of Emporia, Oklahoma College for Women, Southwestern College of Winfield, Kansas, Peru State Teachers College of Peru, Nebraska, and Ohio Wesleyan College.

WOODS VISITED TEXTS UTILITIES OFFICE HERE

H. D. Woods, commercial manager, of the Texas Utilities Co., was here from Lubbock Saturday getting acquainted with the local office and meeting the citizens of Canyon.

Mr. Woods called attention to an error in the Amarillo Globe of April 2nd, which gave the report of the earnings of the "Texas Utilities Co." This report, stated Mr. Woods, was not of his company, an error being made in the name of the company making the report. This company's report is on file at the city hall.

Music Festival at W. T. Brings Many For the Contests

Another gala event for the college was the convening of the Tri-State Music Festival for its third annual meeting which was held here at W. T., April 5 to 7 inclusive. It was estimated that approximately five hundred trekked hopefully from far and wide to bring the talented youngsters to the contests.

In glancing over the variety of license plates attached to the cars that arrived and jammed the driveways of our spacious campus, it was surprising to note that so many different places were represented. New Mexico with her bright red tags made a colorful contrast to those of Oklahoma and Texas. It was delightful to note how many of the towns of the Panhandle were represented.

One of the highlights of the whole affair, was the voice recital of Rollin Pease, who is the head of the music department of the University of Arizona. Mr. Pease's recital was well attended by the student body and the contestants.

On Friday night, the Madrigal club, under the direction of Professor Wallace R. Clark, proved to be an interesting and well liked program. Miss Beulah Dunn, of Lubbock, guest artist of the program, gave several violin numbers.

The Tri-State Orchestra, which gave its program Saturday, was also directed by Professor Clark. This Tri-State Orchestra was quite a novelty. It was composed of musicians who had been carefully selected and rehearsed for their places, but many of whom played together for the first time at the Festival.

Professor Wallace R. Clark is president of the Tri-State Music Festival, Herschel Coffee is secretary-treasurer, and Miss Pauline Brigham served as contest director.

Judges of the events were Dr Edward D. Hale, Dean of the Colorado School of Music, Colorado Springs; Mr. E. Clyde Whitlock, concertmaster of the Fort Worth Symphony Orchestra; Mr. Rollin Pease, head of the voice department of the University of Arizona; Mr. C. E. Strain, director of the Buffalo Band; and Miss Ada V. Clark, director of music in the W. T. Training School.

Carlsbad, N. M., was chosen as the next meeting place for the Tri-State Festival. Mrs. Jeffie Lee Curry Bynum will be the president next year, and will select the group of officers from Carlsbad to serve with her.

Results of the piano contests held, judged by Dr. Edward Hale of Colorado Springs, were:

Ten year age ensemble group: Marion Chandler, Carolyn Reynolds, Lubbock, grade of "excellent"; Mary Glenn Huff and Ann Elizabeth Baker, Lockney, grade of "excellent"; Orville Sumner and Sam Sterrett, Carlsbad, grade of "good"; Janie Faye Wilson and Virginia Boys, grade of "excellent"; Alice Marie Dons and Virginia Boys, grade of "good."

Piano solo contest results were as follows: 12 year group—Faye Nicklaus, Amarillo, "good"; Jack Koesjan, Amarillo, "good"; Demarious Gidden, "excellent"; Joe Stan Morgan, Amarillo, "good-plus"; Joe Branson, Amarillo, "good - plus"; Doris Kolb, "excellent"; Dorothy Deason, Roswell, "excellent"; Frances Coffee, Pampa, "excellent"; Mary Margaret Ridings, Lockney, "excellent"; Alma Faye Rhea, Levelland, "excellent."

13-year group—Joy E. Boys, Miami, "excellent"; Harriet Mitchell, Dalhart, "excellent"; Joe Brown, Amarillo, "good"; Lois Counts, Dalhart, "excellent"; Geraldine Sharp, Vernon, "average"; Madge Ragland, Lubbock, "good."

14-year group—Vivian Robertson, Amarillo, "excellent"; Betty Magruder, Tucumcari, "good"; Naomi Wiggins, Amarillo, "good"; Dolcene Taylor, Lubbock, "good"; Geraldine Kinard, Memphis, "excellent", Helenoire Reynolds, Lubbock, "good plus."

15-year group—Mona Jarrett, Lubbock, "good"; Dorothy Brumley, Pampa, "good"; Mary Evelyn Pickle, Lubbock, "good."

16-year group—Helen Osgood, Amarillo, "good"; Mary Holmes, Amarillo, "average"; Virginia Hohlaus, Lockney, "good"; Pauline Hawthorne, Lubbock, "average"; Virginia Glasscock, Hope, N. M., "average"; Evelyn Felix, Carlsbad, "good"; Betsy Parks, Hope, N. M., "average"; Joe Donaldson, Lubbock, "good."

17-year group—Helen Brown, "average"; Madoline Lovett, "inferior."

18-year group—Faye Wheeler, Amarillo, "excellent"; Rilma White, Tulia, "excellent."
